4- Song "The Trouble Maker" -
Willie Nelson

Jeff Nelson & Friends

*"I could tell the moment that I saw Him
He was nothing but the trouble making kind
His hair was much too long and His motley
group of friends had nothing but rebellion on
their minds.*

*He's rejected the establishment completely
I know for sure He's never held a job. He just
goes from town to town, stirring up the young
folks 'Til they're nothing but a disrespectful
mob.*

*I know for sure He's never joined the army
And served His country like we all have done
He'd rather wear His sandals and His flowers
While others wage the war that must be won.*

*They arrested Him last week and found Him
guilty And sentenced Him to die but that's no
great loss. Friday they will take Him to a place
called Calvary And hang that troublemaker
to a cross."*
